Maternity and Newborn Sessions

Congratulations on the upcoming changes to your family! This is a very exciting time and change will be constant throughout your pregnancy and the first few weeks after your baby arrives. There is no better time to create beautiful keepsakes than in the final few weeks of your pregnancy or in the first year of your baby's life!

Maternity Portrait Session - \$249

Maternity sessions can be done at any time during your pregnancy, but are usually done in the final few weeks. *For obvious reasons you don't want to push this to the last minute!!!*

These Studio Portrait Sessions make use of lighting and poses carefully designed to accentuate the beautiful shape of your pregnant body. Couples are welcome to participate in these sessions together.

The session fee includes (1) 8x10, (2) 5x7, and 8 Wallet sized prints.

Newborn Portrait Session - \$249

Newborn sessions are best done when baby is fresh. 5-10 days old is ideal, but this window can certainly be extended as required by circumstances.

Sessions may be done in the comfort of your home and typically take 2 hours. It is very important that we keep your baby warm and comfortable. Blankets, heaters, and Mom (of course!) will all be used liberally to ensure that baby is happy!

Images are created using beautiful sets and a variety of handmade hats and diaper covers, warm snugly blankets, and of course any of your favourite outfits.

The session fee includes (1) 8x10, (2) 5x7, and 8 Wallet sized prints.

Mommy and Me - \$399

Book your Maternity and newborn sessions in advance and save \$100 off the combined session fees.

Baby's First Year Program - Only \$499

Fee includes the Newborn Portrait session **plus 3 additional mini-sessions** in the studio (15-20 minutes) at 3, 6, and 12 months, and a framed 10x20" Wall Portrait including one image from all 4 sessions. Prints and products will be available for purchase from each session, but the Wall Portrait will only be available following the 4th session.

Float Wraps are printed on professional photographic paper and the image is wrapped around a rigid backer board. The finished piece is mounted so that when hung the print appears to be floating on the wall. Float wraps arrive complete and **ready to hang** on the wall the moment they are received.
